ASUS Exclusive Innovations

■ DUAL-BALL BEARING FANS

Without the problem of oil drying common in sleeve-bearing fans, the dual-ball bearing fan lasts 2X longer. With reduced friction, it also runs smoother, further improving card lifespan and cooling efficiency.

■ IP5X-CERTIFIED DUST RESISTANCE

ASUS fan design is certified under the International Protection Marking (IP code) as IP5X dust resistant for improved reliability and optimal fan performance, even under severe conditions.

■ Auto-Extreme Technology

Industry-only 100% automated production process ensures premium quality

■ GPU TWEAK II

GPU Tweak II allows you modify clock speed, voltage, fan performance and more, all via an intuitive interface.
